

Flexible Spending Account (FSA)

The simple way to save for out-of-pocket expenses

What's an FSA?

It's an account that you contribute money into from your paycheck before taxes are taken out. You'll save money when you use it to pay for health and dependent care expenses.

Health Care FSA

Contribute up to your plan's limit in pretax dollars from your paycheck. Your full contribution is available to use at the start of the plan year to pay for eligible health care expenses, such as:

- Copays, coinsurance and deductibles
- Dental and vision expenses
- Prescription medicine and over-the-counter items

Dependent Care FSA

You can contribute up to your plan's limit. Funds are for your dependent(s) age 12 or younger or a spouse or dependent incapable of self-care. This FSA pays for eligible child and adult care expenses, such as day care, preschool and nursery school, in-home aid and more.

Plus, you'll enjoy extra savings on eligible over-the-counter health care items at CVS Pharmacy[®] stores as well as online. This gives you more purchasing power.

Pay yourself back

Pay for eligible expenses with cash, a check or your personal credit card. Then withdraw funds from your FSA to pay yourself back and have your payment deposited.

Pay your provider

You may pay your provider directly from your account.

Keep it simple with the PayFlex Mobile[®] app

- Manage your account and view alerts.
- Snap a photo of your receipts to submit claims.
- Use our barcode scanner to verify eligible items in-store.

Note: Standard text messaging rates and other rates from your wireless carrier may apply when using the PayFlex Mobile app.

Handy FSA reminders and tips

- Save all of your itemized statements and detailed receipts.
 - View the IRS contribution limits and a list of common eligible expense items on **PayFlex.com**
 - You can change your contribution if you have a change in status,* such as your marital or employment status, your number of tax dependents, etc.
 - FSAs have a use-it-or-lose-it rule, which means if you don't use your funds by the end of the plan year, you'll lose them. After your plan year ends, you have a certain time period during which you need to submit your claims. Check your plan details to understand these dates.
- For Dependent Care FSAs, you must be working or looking for work to use your dependent care funds. If you're married, your spouse must either be working, looking for work or a full-time student.
